DESCRIPTION

The Fortune 2000 Register makes available listings from the largest companies in the United States. Included and selectable by Rank, Employee Size, Sales Volume, Job Function and SIC code. These public and closely held companies are segmented as the Fortune 500, Fortune 1,000 and the expanded Fortune 2,000. There is no better place to reach world-leading companies and their executives that prosper in good times and bad. Enhanced data elements allow mailers to market smarter and more effectively to the companies that consistently earn the right to be on this register. Since these busy high earners typically work long hours, reaching them at the office is an excellent resource for consumer offers such as Jewelry, Catalogs, Gifts, Dining, Financial, Insurance, etc., as well as all business related offers.
