DESCRIPTION

This list provides an invaluable resource for anyone trying to contact a group by affiliation. Membership groups are highly accurate ways of reaching a targeted vocation, interest, or other lifestyle choice since they are usually voluntary/opt-in and oftentimes exclusive. Although they might not seem like a typical corporation, most organizations, clubs and associations are run as a business. Because of this, they have a variety of service and product needs to keep their organization running smoothly. A perfect resource for accounting, finance and payroll solutions, marketing/advertising companies, printers, and business consultation, as well as anyone trying to distribute information to a specific consumer group. The segments in this list can be broken down further, to specific organizations, upon request.
