DESCRIPTION

This file contains the primary contact for 1,300+ MOMS Club chapters across the US. By reaching out to these chapters, you may be extending your offer to over 100,000 at-home mothers who are members! MOMS Clubs are support groups for mothers who want to be involved in a variety of activities for their children and themselves. Although activities may vary by chapter, most clubs offer some form of the following; monthly meetings, playgroups, mom's nights out, holiday parties, field trips, community speakers, and service projects. These are the fastest growing support groups specifically for mothers looking to enhance the lives of their children. These members consider their family to be their top priority with a strong concern for their child's well-being. Any offer related to parenting, families, or children would be ideal for this audience.
